

## Subpart A—Operating Criteria

### § 420.11 Requirements—vehicles.

Each off-road vehicle that is operated on Reclamation lands shall meet the following requirements:

(a) It shall conform to applicable State laws and vehicle registration requirements.

(b) It shall be equipped with a proper muffler and spark arrestor in good working order and in constant operation. The spark arrestor must conform to Forest Service Spark Arrestor Standard 5100–1a, and there shall be no muffler cutout, bypass, or similar device.

(c) It shall have adequate brakes and, for operation from dusk to dawn, working headlights and taillights.

### § 420.12 Requirements—operators.

(a) In addition to the regulation of part 420, operators shall comply with any applicable State laws pertaining to off-road vehicles; if State laws are lacking or less stringent than the regulations established in this part, then the regulations in part 420 are minimum standards and are controlling.

(b) Each operator of an off-road vehicle operated on Reclamation lands shall possess a valid motor vehicle operator's permit or license; or, if no permit or license is held, he/she shall be accompanied by or under the immediate supervision of a person holding a valid permit or license.

(c) During the operation of snowmobiles, trail bikes, and any other off-road vehicle the operator shall wear safety equipment, generally accepted or prescribed by applicable State law or local ordinance for use of the particular activity in which he/she is participating.

(d) No person may operate an off-road vehicle:

(1) In a reckless, careless or negligent manner;

(2) In excess of established speed limits;

(3) While under the influence of alcohol or drugs;

(4) In a manner likely to cause irreparable damage or disturbance of the land, wildlife, vegetative resources, or archeological and historic values of resources; or

(5) In a manner likely to become an unreasonable nuisance to other users of Reclamation or adjacent lands.

## Subpart B—Designated Areas and Permitted Events

### § 420.21 Procedure for designating areas for off-road vehicle use.

The Regional Director shall, to the extent practicable, hold public hearings to obtain interested user groups, local populace, and affected Federal, State, and county agencies' opinions for opening or closing an area or trail in a manner that provides an opportunity for the public to express themselves and have their views taken into account. The Regional Director may act independently if he/she deems emergency action to open or close or restrict areas and trails is necessary to attain the objectives of the regulations of this part.

(a) Regional Directors shall designate and publicize those areas and trails which are open to off-road vehicle use in accordance with § 420.23.

(b) Before any area or trail is opened to off-road vehicle use, the Regional Director will establish specific regulations which are consistent with the criteria in these regulations.

(c) The Regional Director will inspect designated areas and trails periodically to determine conditions resulting from off-road vehicle use. If he determines that the use of off-road vehicles will cause or is causing considerable adverse effects on the soil, vegetation, wildlife, wildlife habitat, or cultural or historic resources of particular areas or trails of the public lands, he shall immediately close such areas or trails to the type of off-road vehicle causing such effects. No area or trail shall be reopened until the Regional Director determines that adverse effects have been eliminated and that measures have been implemented to prevent future recurrence. The public shall be notified of restrictions or closure in accordance with § 420.23.
